

ENVIRONMENTAL POLICY - BCB ENVIRONMENTAL MANAGEMENT LIMITED

BCB Environmental Management Ltd aim to provide specialist waste management and disposal services to a consistent standard that protects and enhances the environment.

To achieve pollution prevention and to pursue our goal of continual environmental improvement we will:

- Comply with and where possible exceed all legal and other environmental requirements relevant to our activities
- Assess and control the environmental aspects of our activities and services to minimise their impact on the environment through the implementation of ISO 14001 which will be independently certified by a UKAS accredited body.
- Develop eco-efficient working practices by reducing resource consumption and waste generation. Where possible we will recover and recycle our and customers wastes
- Understand and control the risks of our activities to prevent environmental pollution, damaging incidents and nuisance incidents to local residents and the environment
- Assess and minimise the environmental consequences of our new business developments
- Set formal objectives and targets to deliver the process of continual improvement and review our progress on an annual basis
- Ensure that employees and contractors have sufficient experience and training to enable them to meet their responsibilities in safeguarding the environment, including compliance with this policy and relevant procedures
- We will promote co-operation and good communications at all levels within the company and contractors.
- Make this policy publicly available
- Review this policy on an annual basis
